

Computing & IT-Related Education Programs at Bachelor Level Accredited by JABEE Last updated: 18 March 2018

Programs are listed under higher education institution and in alphabetical order of program titles. The year indicated after each program title is the academic year when the programs were first accredited by JABEE (academic year starts from beginning of April and end at March). Comprehensive review visits are normally conducted at six-year intervals. Programs whose accreditation validity has expired are listed separately.

In 2014, JABEE started Provisional Accreditation. Programs accredited under Provisional Accreditation are listed with a note accordingly.

JABEE has been admitted as a full signatory to the Seoul Accord since 2009. Recognition of the substantial equivalency of the accredited computing and IT-related education programs by the other signatories of the Seoul Accord has been effective since 2009.

Abbreviation of Field of Discipline

- CS: Field for Computer Science
IS: Field for Information Systems
IT: Field for Information Technology
*CG: Field for Computing General

*Abbreviation is tentative and will be decided later.
