

Q & A For the WA-equivalent Graduates -from accreditation to registration-

Q 1: Since “When”, May I include my work experience into Practical Experience?

→ Answer:

Those who have graduated from a program accredited by the Washington Accord signatory can include the duration of work experience under the supervision of a job supervisor for the “four-year of practical experience under the supervision of a job supervisor” route from the date (date of the degree granted) stated on the “JABEE Certificate of Completion on Accredited Program by a Washington Accord Signatory”. (For the requirements of job supervisor, other routes for PE and/or qualification requirement for examination, please contact to IPEJ)

Q 2: Why do I need “JABEE Certificate of Completion on Accredited Program by a Washington Accord Signatory”?

→ Answer:

It is to indicate that JABEE has confirmed and endorsed an applicant qualification as equivalent to completion of JABEE accredited program which also mean equivalent to pass the First Stage Examination of Professional Engineer.

The Institution of Professional Engineers, Japan (IPEJ) does not approve an applicant who is not submitting “JABEE Certificate of Completion on Accredited Program by a Washington Accord Signatory” at the time of application for either registration of Associate P.E.Jp or taking Second Stage Examination of Professional Engineer as qualified to meet condition as described in Question 1. above.

Q 3: What are the necessary actions and timeline corresponding to the Examination of and Registration of Professional Engineer ?

→ Answer:

For Examination of Professional Engineer, Registration of P.E.Jp or Associate P.E.Jp, please directly call at IPEJ Examination Center (Tel: 03-6432-4585)

Please note that “JABEE Certificate of Completion on Accredited Program by a Washington Accord Signatory” is only issued once in a year at the end of March through JABEE evaluation process based on the application.
