Dr. Hiroshi Fukusaki
Executive Director
Japan Accreditation Board
for Engineering Education (JABEE)
Kenchiku Kaikan 6FL
5-26-20 Shiba-Minato-ku
Tokyo, 108-0014
JAPAN

Dear Dr. Fukusaki:

I am pleased to transmit to you the actions taken by the Washington Accord Signatories at the 7th Biennial Meeting in Hong Kong, China in June 2005 with respect to the application for full signatory of Japan Accreditation Board for Engineering Education (JABEE).

We are pleased with the continuing participation of your institution in the Accord. Through the Washington Accord, the signatories recognize the substantial equivalence of accreditation systems of organizations holding signatory status, and the engineering education programs accredited by them. The graduates of programs accredited by the accreditation organization of each member nation are prepared to practice engineering at the entry level. We look forward to our continuing shared efforts in achieving the goals of the Accord.

Very truly yours,

Peter Greenwood, Chair
The Washington Accord
Engineers Australia
